· The International General Certificate of Secondary Education (IGCSE) has been designed for Key Stage 4 students. Students who obtained an IGCSE qualification are prepared for further academic success; including progression to the IB. IGCSEs provide a broad study programme across a wide range of subject areas. Within the curriculum there is a balanced mix of practical experience and theoretical knowledge. With a choice of Core and Extended papers in most subjects, the IGCSE is suitable for students with different levels of ability.

· The International General Certificate of Secondary Education (IGCSE) is taken in over 100 countries worldwide and is internationally recognized as being equivalent to the GCSE in the United Kingdom. Grading is on an eight-point scale (A*–G) and grades A to E are equivalent to O level grades A to E. In some countries, IGCSE qualifications will satisfy the entry requirements for university. In others, they are widely used as a preparation for A Level, AS, International Baccalaureate and US Advanced Placement courses. Grade C in IGCSE English (both First Language and Second Language) satisfies the English proficiency requirements of many universities in the UK.

The results of 2008 at the British School – New Delhi, reflect all the students at Key Stage 4 including special education needs.
